Tom Wahl to Teach at UR Academy

by Amy Young
File photo
Published Sep 12, 2008

Rochester's Young Entrepreneurs Academy announced local financier Thomas Wahl Jr. will serve as the new instructor for the University of Rochester's "YEA!" class of 2009.

It's a year-long program that guides middle and high school students in launching their own real businesses.

A graduate of St. John Fisher College, Wahl is a senior vice president for Morgan Stanley, and also has worked in the family restaurant business.
